## Control Panels

Protect your family and your home with the most advanced intruder alarm technology

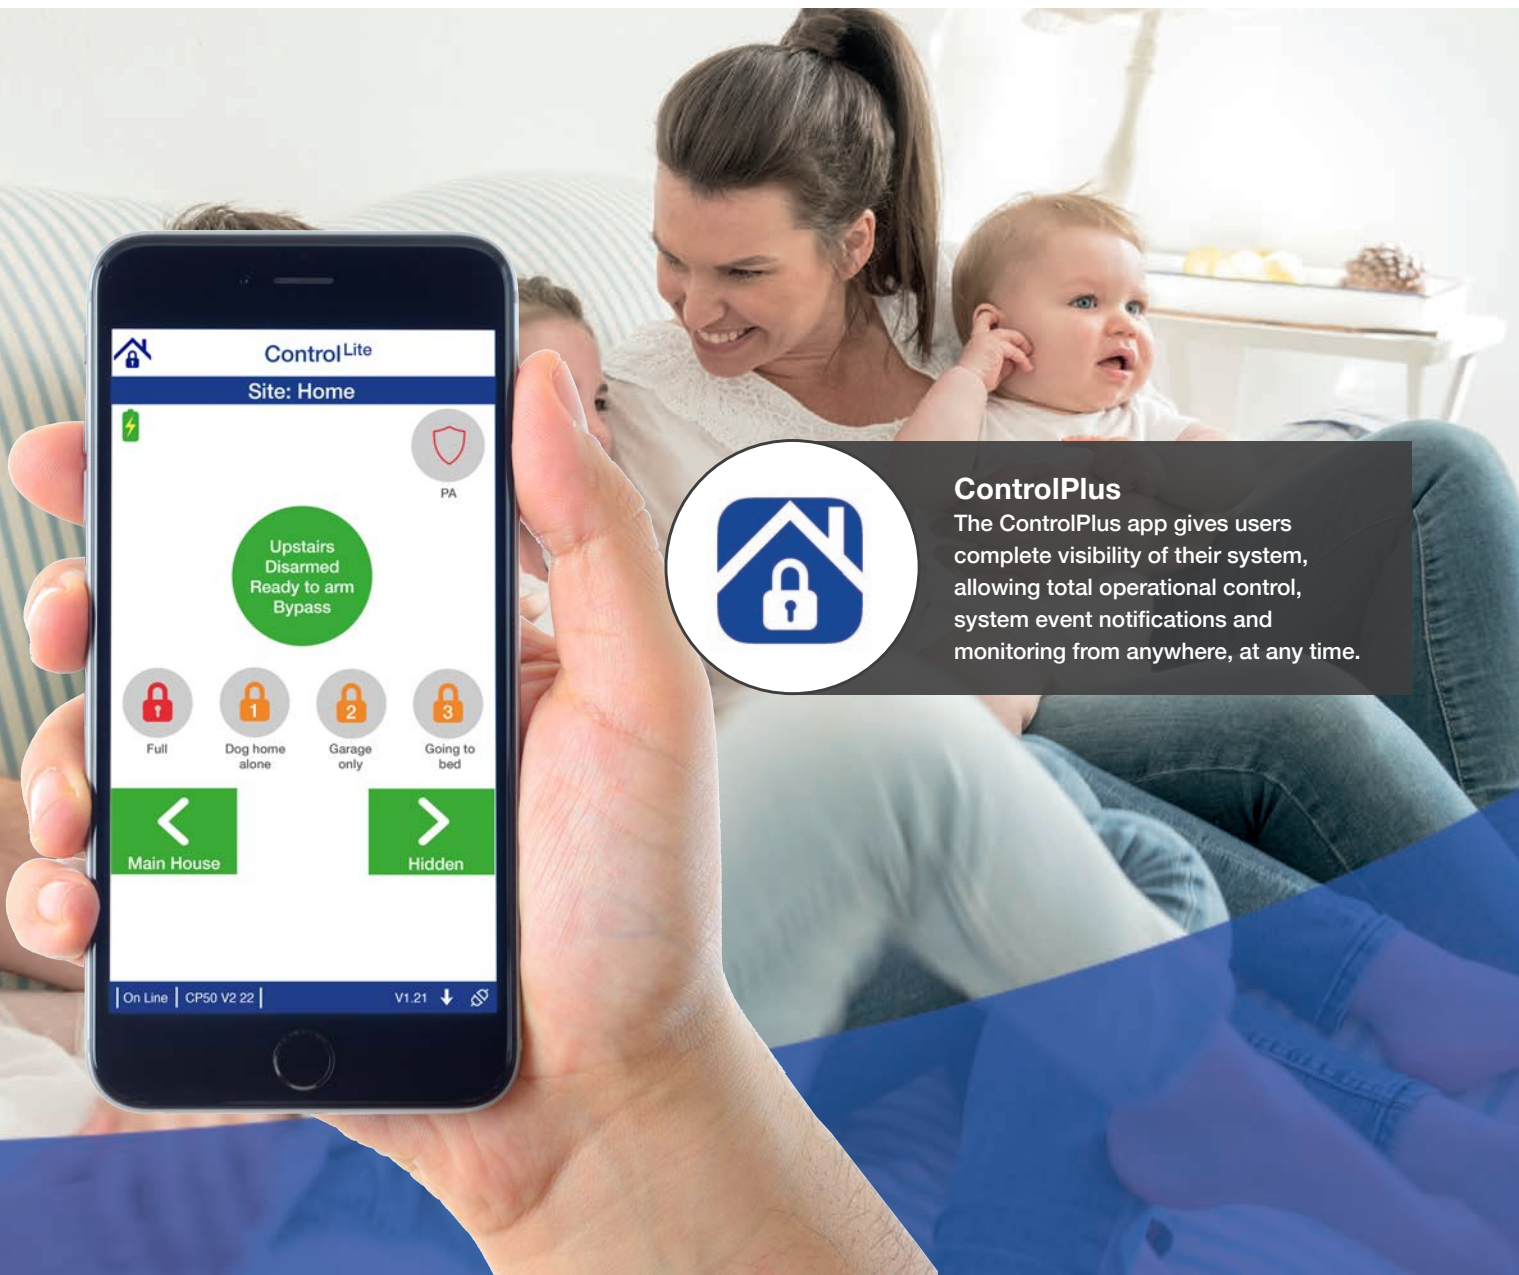

### CP-20 Control Panels

20 zone wired panel. With a simple and intuitive navigation menu, and stylish compact design, the CP-20 offers a perfect wired control panel for all new Shropshire Home properties.

### W-CP-40K/T Control Panels

40 zone stand-alone wireless panels. Available with either an integrated keyed keypad or touchscreen. Wireless technology allows a quick and easy installation into existing Shropshire Home properties.

### ControlPlus

The ControlPlus app gives users complete visibility of their system, allowing total operational control, system event notifications and monitoring from anywhere, at any time.

### External Sounder

This acts as a highly visible deterrent to inform potential intruders that your property is protected. It emits a 115-decibel alarm siren if your alarm system is triggered.

**Illuminated Sounder**  
For an even greater security deterrent, illuminated versions are available to increase visibility during darkness.

# External Sounder

First line of defence
